- ◆ High quality steel box with four large push buttons.
- ◆ Precise automatic filling in any kind of vehicle.

SYSTEM REQUIREMENTS

Item	Model	Part No	Data
1	LMD-Controller	53406	See data table at right
2	Meter Module Oil	1168465	Max pressure 5MPa, max flow 20l/min.
	Meter Module fluid	1168466	Max pressure 7MPa, max flow 35l/min.
	Meter Module Grease	2168915	Max pressure 50MPa, max flow 1kg/min.
3	Air Operated pump kit		To be selected after fluid used.
4	Signal cable	53393	4x 0,5m

DATA

Power supply	220V AC 1-1,5A. 24V adapter included.
Calibration (PPU)	1-9999
Number of pre-sets	16
Range of pre-sets	0,00-999,99 (ltr, gal, pints, or by weight)
Number of decimals	0, 1, 2, 3, 4, auto.
Solenoid valve	24V DC max 1,5A
Time out	3 min.
