

### **Eurolube Equipment AB**

Is recognized worldwide for their excellent support and trouble-free products for automotive and industrial fluid handling.

Dear Sir / madam,

### **My name is Kenneth Ahlin**

I am the latest reinforcement to Eurolube Equipment AB. Since the beginning of October I am appointed the position as Sales Director. I have been working in the lubrication equipment business for 10 years and in or towards the automotive business during my whole career.

My role will be to reinforce and bring added strength to the expanding sales department in our company. We are entering new markets and need to expand our organization to maintain and develop our support to our customers and partners. I am looking forward to face the new challenges and opportunities one encounters when entering a company such as Eurolube Equipment AB. We are at the moment in a very interesting phase with development of both products and concept.

Feel free to contact me at any time and I am really looking forward to meeting you in the near future.

Yours faithfully

Kenneth Ahlin
