MOBILE OIL DISPENSER, HD, 208 L WITH SAFETY TROLLEY

Consists of pump B13760, hose reel (17852) with hose end meter 10371 and trolley 16861. The barrel is on an environmental cart, which means that if leakage occurs on the barrel, there is no spillage on the floor or ground. When no inducted space is available where barrel trailers are normally parked at the end of the day, this is an excellent solution. Meets the authorities' requirements for embankment for storage of environmentally hazardous liquids. Excellent for service in the field in construction, mining services, ships and other sensitive environments
