SAFETY DRUM FOR TROLLEY

Drum bund for mounting on existing trolley. If the drum were to start leaking, there will be no spillage on the floor or ground. When there is no area to normally park ordinary drum trolleys at the end of the day, this is the ideal solution. For 26720, 26757 and 26747. Drilling during assembly is required.

TECHNICAL DATA

Part No	137-55
Volume	220 l
H.S. Code	87168000
