ED50 DIAPHRAGM PUMP MIX PP 2X3/8" - 1/2" (F)-(F) BSP

Probably the most environmentally friendly pump on the market. Less pollution thanks to lubrication-free air motor, which requires less energy and gives greater efficiency. Unique patented frictionless oscillating air valve, which gives up to 20 times faster switching time compared to conventional valves. Advantage: Greatly reduced pulsation. Few parts thanks to our unique design. Only one moving part in the entire air valve. Note! Should not be used to mix fluids with differing viscosities.
