PRINTER MODULE

Lube-Master can run without PC, this configuration require the Printer module to have printouts of all transactions. To keep track of date and time, a clock module must be mounted in the Printer module in this configuration.

As an extra feature if PC is used, the Printer module can be installed anywhere in a workshop for additional printouts.

TECHNICAL DATA

Part No	53402
Packaging LxWxH	0,24 x 0,21 x 0,1 m
Weight (Gross)	1,58 kg
H.S. Code	85389099
