

SOLENOID VALVE 1/4" (F)-(F) BSP 24 V DC

SOLENOID VALVE 1/4" (F)-(F) BSP 24 V DC

To be used in connection with our Tank Module 53408. The valve will open the air to the pump only when dispensing is ordered. The advantages is that the pipe system is not under pressure if there is no dispensing.

TECHNICAL DATA

Part No	3368514
Maximum pressure	1,5 (15) MPa (bar)
Voltage	24 V DC
Connection	1/4" (F)-(F) BSP
Packaging LxWxH	0,075 x 0,07 x 0,03 m
Weight (Gross)	0,38 kg
H.S. Code	84812010
