6	-	Spacer, for easy transportation, can easily be removed for permanent installation
Measures		W83 x L60 x H140cm

## FEATURES

- Compact and robust design, two units fits on a Euro pallet, lower freight cost
- Includes two Ø80mm air cylinders, which greatly improves the input of fibrous greases into the pump tube at lower temperatures.
- Pivotal Air Control box, with two air regulators, one for Pump control and one for hoist control.
- ON/OFF Push button for pump control
- Lever valve for UP/DOWN control of the power hoist.
- Automatic shut of valve, stops the pump when drum is empty
